

MCIL regrets and genuinely apologizes for the very short time frame in requesting that this training be completed. The process to determine if new legislative requirements included DSPs in this training was very complex. A decision was communicated to us on December 01, 2009 by the Policy Division, that this training would be mandatory not just for organizations-but for all employees contractors and vendors who have direct contact with consumers. **We thank you for your cooperation.**

**DSP Training and  
Acknowledgements due to  
MCIL 12/21/09!**

# Mandatory Compliance Medical Assistance & UCare Regulations

**Hurry, the clock  
is ticking!**

DSPs will receive a similar notice which will include the acknowledgement statements but not the training materials. DSPs will be directed to contact the consumer for access to the training materials.

Training materials will also be available:

On-line at [www.pas.mcil-mn.org](http://www.pas.mcil-mn.org)

In-office, ready for pick up at the front desk

**Review and reading accommodations by appointment only.**  
**Please call Deseandra Sheppard at 651.603.2033.**

## **Effective January 01st, 2010:**

All Personal Care Providers are required to have both in-house staff and direct support staff complete training on **Medicare & Medical Assistance fraud, waste and abuse prevention and detection.**

### **Attention PAS Consumers:**

As co-supervisors of your staff, we are asking you to provide the enclosed training materials to ALL of your staff that are actively working with you.

- DSPs must read the enclosed training and sign off on the acknowledgement statements.
- Do not sign timesheets for the pay period ending 12/18/2009 until they have reviewed the materials and have signed the required acknowledgment statements.
- MCIL WILL NOT PROCESS timesheets as of 12/21/09 unless acknowledgements are included with the timesheets.
